

Message from Maria Nagai

Hello everyone! My name is Maria Nagai.

Thank you for visiting the official MuchiMaria video sales web site.

MuchiMaria is a new AV producer directed by Maria Nagai.

Muchi is taken from the word "muchimuchi", which is an image of sensuality.

Ever since I can remember, I have been curious about sex. After graduating from school, I entered the adult industry immediately and have appeared in numerous AV productions. In recent years, there are many offers for slut roles from others manufacturers and I think I'm very known for that kind of role on the AV industry.

In MuchiMaria, in addition to Maria Nagai's private experience, we plan to post new content and original videos that are rarely posted on other video web sites.

Also, since there are many overseas fans, an English subtitle version will be available.

In addition to make our work stand from others, we respond to the requests of our fans and pursue their their sexual fantasies.

I want to challenge myself and show a new Maria Nagai.

We look forward to your continued support in the future.
